

# Model DL3.xxx.500

DL3.375.500 Sand finish shown

## Construction

- 3.0" width x 0.50" height x 1.0" depth
- 304 Stainless Steel
- Heavy 24 gauge Stainless Steel
- Designed to be used with or without the color-coordinated shroud
- Use with color-coordinated shroud when unable to mount in rail cavity
- Mechanically fastened LED package
- UL 1838 Listed Product

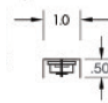

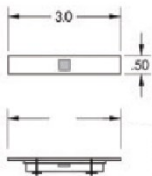

## Electrical

- 1.0 watt LED package
- 3000K white output
- Filters available for 2700K or 4200K output
- Life expectancy up to 40,000 hours
- Output similar to 5.0 watts
- Lumen output 60
- Fully dimmable LEDs
- Low voltage 12vAC operation
- Compatible with all low voltage lighting systems
- 72" long 18/2 leads for connection
- Magnetic or electronic transformer compatible
